## PROFESSIONAL SUMMARY

Motivated and solutions-driven full-stack developer with experience in developing REST APIs, full-stack web applications, and contributing to open-source projects. Demonstrated expertise in backend services, frontend frameworks, and cloud technologies. Strong background in research and implementing AI techniques, with proven collaboration skills and leadership in project management.

## EDUCATION

### Shri Ganga Higher Secondary School

Higher Secondary in Computer Science

Erode, India

June 2020 – May 2022

### Kongu Engineering College

Bachelor of Engineering in Computer Science

Erode, India

November 2022 – Expected May 2026

## EXPERIENCE

### Joint Tech Internship Community Program

August 2024 – October 2024

Intern

Remote

- Researched and documented 20+ machine learning terminologies and completed 5 Python-based projects for data analysis, improving team collaboration by 15%.
- Applied machine learning solutions using Python on datasets of 50,000+ records, enhancing performance by 20%.

## PROJECTS

### Food Ordering | *MongoDB, Express.js, Node.js, Git*

July 2024 – September 2024

- Developed a food ordering system using Node.js for the backend, enabling one-click food ordering in serverless hotels.
- Integrated MongoDB to store customer orders and preferences for efficient data management.
- Utilized Razorpay API for secure and seamless payment processing.

### HarvestHub | *MongoDB, Express.js, Node.js, Git*

September 2024 – October 2024

- Developed a platform empowering farmers to sell directly to consumers, enhancing profitability and transparency.
- Integrated MongoDB to store customer orders and preferences for efficient data management.
- Designed a user-friendly interface with easy product listing and secure payment processing.

## TECHNICAL SKILLS

**Languages:** Java, Python, C/C++, SQL (MySQL), NoSQL (MongoDB), JavaScript, HTML/CSS

**Frameworks:** React, Node.js, Express.js, TailwindCSS

**Developer Tools:** Git, Visual Studio Code, IntelliJ, Postman,

## SOFT SKILLS

**Communication Skills:** Communicate technical concepts to non-technical stakeholders and manage client expectations.

**Problem Solving:** Analyzing complex problems and identifying effective solutions under time constraints.

**Teamwork:** Demonstrating leadership and collaboration in diverse environments to ensure timely project delivery.

**Time Management:** Prioritizing and managing multiple tasks efficiently to meet deadlines.

## CERTIFICATIONS

**AWS Certified Cloud Practitioner** (*Amazon*)

– Expected December 2024

**Postman API Fundamentals** (*Postman*)

– July 2024

**JPMorgan Chase and Co. Excel Skills - Forage** (*JPMorgan*)

– Expected December 2024

**GitHub Foundations Certification** (*GitHub*)

– Expected December 2024

**Google AI Essentials** (*Coursera*)

– July 2024
